Backend: Node.js, Express.js, REST APIs, Authentication

Database: MongoDB, MySQL

Tools: Git, GitHub, Postman, npm, Vercel, Render

PROFESSIONAL EXPERIENCE

Frontend Developer | Shittla Paper Global Pvt Ltd | Delhi, India | Jul 2024 – Present

- Created a responsive Tours & Travel website that improved customer inquiry handling and enhanced user engagement.
- Optimized UI components for seamless performance across mobile, tablet, and desktop devices.
- Integrated inquiry forms and dynamic content sections to streamline communication workflows.
- Collaborated with stakeholders to enhance website functionality and deliver a smoother user experience.

Web Developer Intern | Conformity Alliance | Delhi, India | Apr 2022 – Jun 2024

- Enhanced responsive web interfaces using HTML, CSS, JavaScript, and React.js for business applications.
- Improved frontend performance and resolved UI issues to ensure better usability and faster load times.
- Contributed to MERN stack and Next.js projects with API integrations and database connectivity.
- Maintained cross-browser compatibility and responsive design standards across multiple devices.

PROJECTS

Real-Time Chat & Video Call Application | React.js, Node.js, Express.js, MongoDB

- Built a real-time messaging and video calling platform with responsive and interactive UI components.
- Integrated secure authentication systems, backend APIs, and MongoDB database management.
- Enhanced user experience using TanStack Query and React Hot Toast notifications.
- Deployed the application on Render for live testing and production usage.

B2B Multi-Vendor Platform | MERN Stack

- Developed a scalable business platform for vendor onboarding, product listings, and inquiry management.
- Implemented responsive dashboards and role-based access control for vendors and businesses.
- Integrated backend APIs and database workflows for efficient and scalable operations.
