Backend	Node.js, Express.js, REST APIs, Authentication
Database	MongoDB, MySQL
Tools	Git, GitHub, Postman, npm, Vercel, Render

Professional Experience

Frontend Developer | Shittla Paper Global Pvt Ltd | Delhi, India | July 2024 – Present

- Designed and developed a responsive Tours & Travel website to improve customer engagement and inquiry handling.
- Built responsive UI components and optimized website usability across mobile and desktop devices.
- Implemented inquiry forms and dynamic content sections for better user interaction.
- Collaborated with stakeholders to maintain and improve website functionality.

Web Developer Intern | Conformity Alliance | Delhi, India | April 2022 – June 2024

- Developed responsive web interfaces using HTML, CSS, JavaScript, and React.js.
- Worked on frontend debugging, optimization, and feature implementation for business applications.
- Contributed to MERN stack and Next.js-based projects with API and database integration.
- Ensured responsive design compatibility across browsers and devices.

Projects

Real-Time Chat & Video Call Application | React.js, Node.js, Express.js, MongoDB

- Built a real-time messaging and video calling platform with responsive UI components.
- Integrated authentication systems, backend APIs, and MongoDB database management.
- Improved user experience using TanStack Query and React Hot Toast.

- Deployed the application on Render for live usage and testing.

B2B Multi-Vendor Platform | MERN Stack

- Developed a business platform for vendor onboarding, product listings, and inquiry management.
- Implemented responsive dashboards and role-based access control for businesses and vendors.
- Integrated backend APIs and database functionality for scalable management workflows.
