Professional Summary

Frontend-focused developer with 2 years of hands-on experience building responsive web applications and business websites using HTML, CSS, JavaScript, React.js, and modern web technologies. Experienced in developing user-friendly interfaces, integrating APIs, and collaborating on real-world projects. Familiar with MERN stack development, authentication systems, and backend integration. Currently pursuing BCA from IGNOU while working professionally in web development.

Technical Skills

Frontend	HTML5, CSS3, JavaScript (ES6+), React.js, Next.js, Tailwind CSS
Backend	Node.js, Express.js, REST APIs, Authentication & Authorization, PHP (Basic)
Database	MongoDB, MySQL
Tools	Git, GitHub, Postman, npm, Vercel, Render

Professional Experience

Full Stack Developer | Shittla Paper Global Pvt Ltd (July 2024 – Present)

Delhi, India

- Designed and developed a responsive Tours & Travel website for Gurbani Tour.
- Built dynamic inquiry forms and optimized customer interaction workflows.
- Implemented mobile-first responsive layouts and improved user experience.
- Collaborated with stakeholders to update content and enhance functionality.

Web Developer Intern | Conformity Alliance (April 2022 – June 2024)

Delhi, India

- Built and maintained responsive web interfaces using HTML, CSS, JavaScript, and React.js.
- Worked on frontend optimization, debugging, and feature implementation.
- Contributed to full-stack business platforms using MERN stack and Next.js.
- Integrated APIs, authentication systems, and database connectivity.

Freelance Web Developer | Remote (August 2024 – Present)

- Developed a real-time chat and video call application using React.js, Node.js, Express.js, and MongoDB.
- Built a B2B multi-vendor platform with vendor onboarding and lead tracking.
- Implemented responsive dashboards, role-based access, and backend API integrations.
- Deployed and maintained live projects using Render and Vercel.

Projects

Real-Time Chat & Video Call Application

Built a full-stack communication platform supporting real-time messaging and video interactions with responsive UI and backend integration.

B2B Multi-Vendor Platform

Developed a business platform for vendor management, product listings, and inquiry handling with role-based access control.
